Bracelet Plating +\$100

Added to a case plating job

Hand Made Leather Straps

Leather Watch Strap \$200–\$750

Price depends on the type of leather and the style of strap. Options include flat, padded, and rembouré straps, and more.

PRICES ARE CONFIRMED AFTER INSPECTION

Ranges and “from” prices are starting points. Restorations, and any watch that needs extra work, are quoted once the watch has been opened and inspected. Parts are additional unless listed.

The customer will receive pictures throughout the entire service and/or build process. Plating is a thin finish and will wear at the lugs and edges over time.
